

Managing Tail Spend

Accelerate speed to service for stakeholders by aggregating tail and tactical suppliers through Bell Procurement Management

We achieve double digit third party savings through smart sourcing whilst reducing operational costs and increasing supplier diversity and compliance.

Why work with Bell:

-  5% - 15% third party savings on negotiable spend
-  Operational efficiencies transacting end to end process
-  Reduce supplier risk and 100% contract compliance
-  Increase supplier diversity and meet ESG goals

Many organisations struggle to manage their Tail Spend

Our service removes these pains, allowing our customers to focus on strategic spend

Inefficient usage of valuable resources

Niche tail and tactical spend solution

e-Catalogues & p-Cards solutions alone cannot reduce tail size

Managed services model meaning flexibility to take any spend type

Ever expanding supplier base

Bell act as one supplier for the customer to manage

Savings leakage and unmanaged risk due to limited data visibility

Differentiated toolsets that unlock insights and drive decision making

How it works

- 1 Customer raises a request**
Bell receives any type of demand in a simple capture form
- 2 Smart Sourcing**
Leverage analytics to identify and run most effective sourcing channel
- 3 Supplier Onboarding**
Supplier accepts category specific terms & compliance measures
- 4 Invoice & Payment**
Bell pay compliant suppliers and manage the relationship
